ABOUT ME

A highly motivated and adaptable IT professional with a strong passion for solving technical challenges and supporting users effectively. I thrive in dynamic environments and quickly adjust to new tools, systems, and workflows. With a proactive mindset and a focus on continuous improvement, I aim to contribute to the growth and success of any organization I become a part of.

PROFESSIONAL EXPERIENCE

2024 – Present

*TechSerandib Elite Solutions
(PVT) Ltd.*

CEO & IT Executive

- Manage and enhance the company's brand image and reputation.
- Define business goals, expansion strategies, and revenue streams
- Introduce and improve services like Google Ads, SEO, and AI-powered marketing solutions.
- Maintain hardware, software, and IT security for smooth business operations.
- Protect client and business data, ensure cybersecurity measures, and handle backups

2023 – 2024

HCL Technologies (PVT) Ltd.

IT Executive(L1 Support)

- Provide first-level support for hardware, software, and network issues.
- Support Global Account Management (GAM) by assisting with account setups, maintenance, and permissions.
- Troubleshoot and resolve technical problems via phone, email, or ticketing systems.
- Help users with login issues, password resets, and access to global accounts.

2022 – 2023

FBC Asia Pacific Inc.

Senior IT Associate Engineer

- Provide technical support to call center agents for issues related to workstations, headsets, and telephony systems.
- Perform routine maintenance on call center equipment such as computers, phones, and networking hardware.
- Coordinate the setup and configuration of workstations for new hires, ensuring all necessary software and tools are installed.

EDUCATION

2021 – 2022

NextGen Campus - colombo

Diploma in Networking With Security

- A comprehensive program focused on network infrastructure, protocols, and system administration, with a strong emphasis on cybersecurity principles. This diploma equipped me with practical and theoretical knowledge to design, manage, and secure network environments—preparing me to meet the evolving demands of the IT industry.
